A big fat rat is leaving the ship.

One might interpret this as the State Department's admittance of defeat in the U.S. war against Russia in Ukraine:

Practicing evil on a daily basis for decades really wears on you.

VICTORIA NULAND DISSECTED BY GONZALO LIRA

RICH MAN'S WAR, POOR MAN'S BLOOD

“War is a racket. It always has been. It is possibly the oldest, easily the most profitable, surely the most vicious. It is the only one international in scope. It is the only one in which the profits are reckoned in dollars and the losses in lives.” – [General Smedley Butler](#)

***I don't need your civil war
It feeds the rich while it buries the poor
Your power hungry sellin' soldiers
In a human grocery store***

[Guns N' Roses – Civil War](#)

Whether it is a distinguished general who came to his senses in 1935, after doing the bidding of the monied interests by initiating conflict throughout the world to fill their coffers with blood money, or a rock & roll star fifty years later writing a hit song about the exact same theme, the song remains the same. The wealthy always benefit from war, the poor always die in their wars, and politicians are bribed to continually foment conflict, hate, and railing against whoever their puppet masters choose as the enemy of the moment. This is not a recent development, it has spanned centuries, just the sums of money feeding the military industrial complex are now astronomical.

**WARNING! APB: HERE IS THE NEOCON ZIONIST
WARMONGER SPEARHEADING THE INSANE
CAMPAIGN TO PROVOKE RUSSIA INTO WW3**

Via State of the Nation

The Most Vicious and Vengeful, Evil and Wicked, Malicious and Malevolent, Nefarious and Noxious, Dangerous and Deadly, Odious and Repugnant Witch in the World!

Editor's Note: Truly, the current United States Deputy Secretary of State — Victoria Jane Nuland — has proven to be the bane of our existence, both of the American people and the human race. Of course, she is only the face, the frontman, of the well-concealed “secret society” that tyrannically rules the Earth realm. See: [THE HIDDEN SATANIC GLOBAL POWER STRUCTURE...AND KHAZARIAN OVERLORDS WHO RULE THE REALM](#)

This super-dangerous Khazarian war criminal — Victoria Nuland — is directly responsible for starting the Ukraine Civil War in February of 2014, as well as the genocide of the Russian-speaking populace throughout the Donbas War which began in March of the same year.

For her remarkable success at starting the Ukraine War, Nuland was then rewarded with the #2 position at State. As the Deputy Secretary of State she is now able to manipulate the global geopolitical chessboard with such cynical calculation that World War III is all but guaranteed, just as the Khazarian Cabal engineered the First and Second World Wars.

FALL OF AMERICAN EMPIRE AND DESCENT INTO A NEW DARK AGES

“The story of its ruin is simple and obvious; and, instead of inquiring why the Roman Empire was destroyed, we should rather be surprised that it had subsisted so long. The victorious legions, who, in distant wars, acquired the vices of strangers and mercenaries, first oppressed the freedom of the republic, and afterwards violated the majesty of the purple. The emperors, anxious for their personal safety and the public peace, were reduced to the base expedient of corrupting the discipline which rendered them alike formidable to their sovereign and to the enemy; the vigor of the military government was relaxed, and finally dissolved, by the partial institutions of Constantine; and the Roman world was overwhelmed by a deluge of Barbarians.” — [Edward Gibbon. The Decline and Fall of the Roman Empire, Chapter 38 “General Observations on the Fall of the Roman Empire in the West”](#)

“After a diligent inquiry, I can discern four principal causes of the ruin of Rome, which continued to operate in a period of more than a thousand years. I. The injuries of time and nature. II. The hostile attacks of the Barbarians and Christians. III. The use and abuse of the materials. And, IV. The domestic quarrels of the Romans.” — [Edward Gibbon. The Decline and Fall of the Roman Empire, Chapter 71 “Four Causes of Decay and Destruction.”](#)

The moniker of my website originated from a quote by [David Walker](#), then Comptroller General of the U.S., in 2007. I wholeheartedly endorsed Walker’s viewpoint and become politically active in trying to get [Ron Paul](#) elected as president in 2008 and 2012. It was a fruitless effort, as the uni-party in Washington DC, controlled by the dark forces of the [Deep State](#), do not allow men and women who truly want to reduce the size and scope of government to ever get elected. His warning sixteen years ago is a perfect example of being right but being early. When talking about the decline of empires, you are really deliberating about a process, not an event. The Roman Empire did not fall on a specific day due to a specific cause. It collapsed in stages over hundreds of years due to numerous reasons, each triggering events which compounded upon each other and ultimately led to the final collapse.

Musk: Diplomats Want War, Warriors Want Peace

Guest Post by [Gerald Celente](#)

Under Secretary of State Victoria “Fuck the EU” Nuland celebrated after the bombing of the Nord Stream pipeline.

Elon Musk, the Tesla billionaire, accurately tweeted Monday about the Ukraine War and the U.S.’s continued effort to keep the conflict going, posting: “The diplomats want war and the warriors want peace.”

His response was to another Twitter user who posted a New York Times article about how Gen. Mark Milley, the chairman of the Joint Chiefs of Staff, once said, “Ukraine was unlikely to make substantially greater battlefield gains and should move to the bargaining table.” The Times said the White House “quickly squelched such talk.”

Milley sent a [shockwave through](#) Washington in November when he said Ukraine may want to consider peace negotiations because the Ukraine War would keep dragging on. He later changed his tune and said Russia already lost.

“Nobody is pushing” the conflict in Ukraine more than US State Department official Victoria Nuland, Twitter CEO Elon Musk said on Wednesday. Nuland, who largely orchestrated the pro-Western coup in Kiev in 2014, is now backing military strikes on the Russian territory of Crimea.

MARCH OF FOLLY: FALL OF AMERICAN EMPIRE

“Folly is a child of power.” — [Barbara W. Tuchman, The March of Folly: From Troy to Vietnam](#)

“A phenomenon noticeable throughout history regardless of place or period is the pursuit by governments of policies contrary to their own interests. Mankind, it seems, makes a poorer performance of government than of almost any other human activity. In this sphere, wisdom, which may be defined as the exercise of judgment acting on experience, common sense, and available information, is less operative and more frustrated than it should be. Why do holders of high office so often act contrary to the way reason points and enlightened self-interest suggests? Why does intelligent mental process seem so often not to function?”
— [Barbara W. Tuchman, The March of Folly: From Troy to Vietnam](#)

The term “folly” is particularly apt at this stage in the decline of the great American empire. Folly is defined as: *criminally or tragically foolish actions or conduct; an excessively costly or unprofitable undertaking*. If ever a word captured the actions of American political leaders in the 21st Century and reflect the tragic downfall of an empire borne out of the ashes of the Second World War, it is the term “folly”.

For the last two decades I've been befuddled by the inane foolishness of our leaders, as they have driven the nation into a bottomless pit of debt at an astoundingly ridiculous pace, initiated military conflict across the globe, and in the last three years initiated anti-human policies guaranteed to destroy our economic system, depopulate the planet, increase human suffering, and turn the world into a techno-gulag where we will own nothing, eat bugs, and bow down to the commands of globalist overlords.

ARE PUTIN AND XI GRAY CHAMPIONS?

"Long, long may it be, ere he comes again! His hour is one of darkness, and adversity, and peril. But should domestic tyranny oppress us, or the invader's step pollute our soil, still may the Gray Champion come" — Nathaniel Hawthorne,

The Gray Champion by Nathaniel Hawthorne

"Who is this gray patriarch? That stately form, combining the leader and the saint...could only belong to some old champion of the righteous cause, whom the oppressor's drum had summoned from his grave." — Nathaniel Hawthorne

There is a misunderstanding regarding the Gray Champion of this Fourth Turning. The misunderstanding revolves around thinking there is only one Gray Champion, they are hugely popular, always do the right thing, and are universally admired for their leadership traits. Nothing could be further from the truth. In previous Fourth Turnings, there have always been multiple Gray Champions, often at war with each other, who were not popular or necessarily good men.

What they always are is single-minded, tenacious, ruthless, and intent on winning at any cost. Their followers are inspired, and their enemies despise them. There is no middle ground when it comes to opinions about Gray Champions. They generally don't fight the battles, but shape the strategy, inspire the troops, or mobilize the citizenry to action.

The Truth Behind Ukraine v Russia – Is the Evil Within?

Guest Post by [Martin Armstrong](#)

Back in 2014, the people were upset that the US was selecting the new leadership following the fall of Yanukovich. They were told if they revolted against the new regime, that they would receive no support from the West. The revolution was the people but everyone from the US to George Soros were desperately trying to steer in their direction for regime change.

The Neocons, which included John McCain, have been using Ukraine as the vanguard in a proxy war with Russia. Of course, in military terms, the vanguard is the leading part of an advancing military formation. They are typically the first to die. John McCain was there at Maidan telling the people "I am with you" giving the impression that the United States was standing behind their revolution. YouTube has curiously removed that video to clean up the truth that just maybe the Neocons have been behind this whole mess.

US & its Secret Biological Weapons Labs

Guest Post by [Martin Armstrong](#)

As far as where there Biolabs in Ukraine funded by the US, there was never any real question is they existed or not. The rumor two days after the Russian invasion began, the claim was that Russia was targeting them for destruction. I wrote on [February 26, 2022](#), that such a rumor was false and I pointed out that Russia would never target those labs for destruction. Instead, they would prefer to capture them to illustrate that people like Undersecretary of State for [Political Affairs Victoria Nuland](#) who is a notorious NeoCon who just wants war.
